BACKGROUND AND RATIONALE

RECOMMENDATION TO THE WCO SECRETARIAT
The objective of the mission is to learn about best practices in procedures, technologies and logistics for the efficient handling of goods.
SPECIFIC OBJECTIVES

Ensure the traceability and exhaustiveness of the goods landed;

Manage the clearance status of unloaded goods:
- Monitor and manage the location of goods in stores;
- Ensure the computerized tracking of goods constituted in store and customs clearance area and container terminals (MADTC);
- Discover solutions for online auctions of goods under customs control;
- Facilitate the monitoring of collecting;
- Guarantee the effective customs clearance of all goods taken over;
- Optimize bulk management.
EXPECTED RESULTS

- Produce a document that covers all the good practices and tools to be implemented for administrations;

- Based on the model visited, produce a roadmap of major activities to modernize the handling and collection of goods.
The benchmarking mission will be under the aegis of the RWG, to this end, the delegation will be composed as follows:

- 01 BRRC WCA member;
- 02 English-speaking countries RWG members;
- 03 French-speaking country RWG members;
- 01 business expert.
The WCO secretariat, through the coordinator of our region, will be responsible for the practical organization of the mission (the choice of the appropriate port) and the search for the necessary funding to carry out the said mission.
I THANK YOU FOR YOUR KIND ATTENTION.
