NIGERIA HANGS ON

1. Survived post-election crisis in 2015 & 2019
2. New Government consolidating with prospect of continuity
3. Increased militarization of the frontier economy
5. Fractional groups have emerged, leadership regeneration worrisome.
6. Ransoming policy sustains the crisis.
EFFECT ON THE BORDER ECONOMY

a. Military calls the shot
b. Trade Goods move under Military escorts
c. Trade Data distortion
d. Increase in cost and Time
e. Informal economy with strong ties to the criminal elements
f. Fortress cities providing cover for Border economics under consistent attacks
g. Military victory turning to economic defeat.
h. Customs and State organs losing trust and confidence
CHALLENGES TO CUSTOMS

1. Formal Declaration of a state of emergency and full military operation launched in NE

2. Border closure, withdrawal from posts.

3. Operation exposed the deficiency in Customs Capacity Building strategy.
   a. Intelligence gathering and application
   b. IED Detection and Protocols
   c. Personal protection.
   d. Use of Data for informed analysis and decision - taking.
CUSTOMS RESPONSE

1. Forged regional approach to initiate a security project SPC++
2. Engaged the military to reiterate Customs mission to rebuild the structure of cross-border trade
3. Active collaboration in capacity-building projects, especially in the area of security and intelligence.
4. Limited slots in the NAF Geo-spatial intelligence centre, plan to set up unit.
C2C COLLABORATION

1. Strategic collaboration with Cameroon

2. Major Pillars are implementation of PGS/SPC++ exchange of trade data and MOU.

3. Encouraging outcome including exchange of intelligence leading to seizure of ammunitions, IED components.
RECENT SEIZURES
CHALLENGES

1. Funding, funding, funding
2. Limitation in contents, scope and depth of training offered by the military
3. Awareness of the impact and potential of new technologies
4. Institutionalizing structures to sustain Short term gains
PROSPECTS FOR C2P COLLABORATION

Setting up of Geo-spatial Intelligence Unit:

Quick wins

• High-level commitment
• Seven (7) NCS officers completed basic training
• Approval for setting up of the Unit secured
• Ongoing collaborations with academic institutions

Areas of intervention

• Technical support (Sat-image, subscription)
• Equipment
PROSPECTS FOR C2P COLLABORATION

Other areas

1. Training in new technologies
2. Setting up secured platform for Exchange of Data
3. New Curriculum development and capacity-building programs.
THANK YOU!!
